WORK EXPERIENCE

CampusBid

Role: Full Stack Developer at CampusBid

Nov 2024 - Present

Responsibilities and Achievements:

- Designed, developed, and maintained a robust full-stack platform, ensuring scalability and future-readiness for user growth.
- Strengthened site security by implementing robust authentication mechanisms, significantly reducing potential vulnerabilities.

603TheCoworkingSpace

Role: Full-stack developer

Aug 2024 - Oct 2024

Responsibilities and Achievements:

- Spearheaded the development and deployment of a high-quality UI/UX, resulting in a **30% increase in user engagement** on the company's website.
- Built and scaled web applications using the MERN stack (MongoDB, Express, React, Node.js), reducing page load times by **35%**.
- Optimized application performance using Next.js and Tailwind CSS, achieving a **50% improvement in site speed**.

EDUCATION

Netaji Subhas University Of Technology, Delhi

Bachelor of technology (CSE)

Oct 2022 - Aug 2026 (Expected)

I am currently pursuing a B.Tech in Computer Science and Engineering (CSE) from Netaji Subhas University of Technology (NSUT), Delhi, where I am gaining in-depth knowledge in programming, data structures, algorithms, software engineering, and computer networks.

PROJECT

Blink N Blog

Blink n Blog is an innovative and user-friendly platform dedicated to empowering users to create, manage, and share blogs effortlessly. Key features include:

- **Intuitive Blog Creation:** The platform offers a rich-text editor and customizable templates, making it easy for users to design professional and appealing blogs without technical expertise.
- **Community Engagement:** Readers can engage with blog authors through comments, likes, and shares, fostering a vibrant and interactive community.

Snap N Shop

Snap n Shop is a comprehensive e-commerce platform meticulously crafted using the MERN stack (MongoDB, Express, React, Node.js). Its key features include:

- **Secure Payment Processing:** Integrated payment gateways ensure transactions are protected with robust encryption and fraud prevention mechanisms.
- **Customer Reviews and Ratings:** Users can leave reviews and ratings for products, helping shoppers make informed decisions.
- **Mobile Responsiveness:** Fully optimized for all devices, allowing users to shop conveniently from their smartphones, tablets, or desktops.

SKILLS

Technical Skills: MERN Stack, TypeScript, Java, JavaScript, Next.js, Tailwind CSS, Python, C++
